

Consultation on the Draft Rural Affordable Housing Plan and Draft Affordable Housing Partnership Document

'Working in partnership to achieve more affordable housing for our rural communities.'

Rural Affordable Housing Plan

North Kesteven District Council is keen to ensure it has a strong and consultative approach to the delivery of rural affordable housing by working closely in partnership with Parish Councils to identify rural affordable housing need and deliver rural affordable housing.

A draft rural Affordable Housing Action Plan has been produced detailing our preferred approach to rural housing delivery and is now out for consultation.

The document aims to define affordable housing, its benefits and who is involved, highlight the issues around affordable housing for parish councils

and set out our preferred approach for joint working with the Parish Council.

Please submit any comments on the document to jemma_empson@n-kesteven.gov.uk by no later than noon on 9 February 2010.

Affordable Housing Partnership Document

North Kesteven District Council has also produced a draft Affordable Housing Partnership document which is out for consultation with our affordable housing providers partners until the 19 January 2010.

The document is designed to set out the Council's agreed standards and priorities for affordable housing and includes information on the demand for

affordable housing, rural housing, nominations arrangements and the standards of quality affordable housing should achieve.

We would like to hear your views. The documents are available on our website at www.n-kesteven.gov.uk Please submit any comments by 9 February 2010 to:
